## KOTEŠOVÁ KAŠTIEL' KOTEŠOVÁ

Pôvodná gotická budova bola postavená koncom 15. storočia a v 16. storočí bola prestavaná v renesančnom štýle. V 70. rokoch 20. storočia bol kaštieľ v katastrofálnom stave.

Po čiastočnej rekonštrukcii v 80. rokoch, súčasní majitelia rodina Beláčková, po kúpe pamiatky v roku 2007 vybudovali novú bridlicovú strechu a kompletne sanovali základy a veľkú časť stien a omietok proti zemnej vlhkosti.

### THE KOTEŠOVÁ CHATEAU

The original Gothic building was constructed at the end of the 15th century and rebuilt in Renaissance style in the 16th century. In the 1970s, the chateau was in a disastrous state. Having purchased the property in 2007, the current owners, the Beláček family, made a new slate roof and restored a major part of the walls and plasterwork. They landscaped the park and built the adjacent chapel dedicated to the Holy Family. In addition to liturgical services, organ concerts and exhibitions by artists and photographers are also hosted here. In summer, classical music concerts are held in the courtyard. An international en plein air workshop for artists is organized here every two years.
